**ITALIAN PORCELAIN SLABS**

**U.S.**

LEVEL

## THE BEAUTY OF LARGE SURFACES AND THE HIGH PERFORMANCE OF STONEWARE.

La bellezza delle grandi superfici  
e le elevate prestazioni del grès.

Emilceramica, known worldwide for ceramic excellence, has drawn on over a decade of experience to create Level, a line of ceramic slabs in the 160x320 size, of various thickness, for creating furnishings and continuous surfaces, combining the utmost æsthetic refinement with advantages in terms of hygiene, strength and practicality that only porcelain stoneware can guarantee.

Dall'esperienza ultradecennale di Emilceramica, sinonimo di ceramica italiana d'eccellenza in tutto il mondo, nasce Level, una linea di lastre ceramiche nel formato 160x320, in vari spessori, per realizzare oggetti d'arredo e superfici continue coniugando la massima ricercatezza estetica con i vantaggi in termini di resistenza, igiene e praticità che solo il grès porcellanato può garantire.

La beauté des grandes surfaces et la performance extraordinaire du grès cérame.

Fort de plus de dix ans d'expériences, Emilceramica, l'ambassadeur de l'excellence céramique à l'italienne dans le monde entier, crée Level, une collection de dalles céramiques en format 160x320, disponibles en plusieurs épaisseurs, pour confectionner des objets d'ameublement et des surfaces continues. Une collection qui allie un superbe raffinement esthétique avec les avantages de résistance, d'hygiène et d'utilité pratique que seul le grès cérame est en mesure de garantir.

Die vollendete Ästhetik grossflächiger Beläge und die hervorragenden Leistungsmerkmale von Feinsteinzeug.

Die neue Keramikplatten-Kollektion Level im Format 160x320 basiert auf der jahrzehntelangen Erfahrung der Emilceramica, die als Hersteller von italienischer Qualitätskeramik Weltruf genießt, und ist für durchgängige Beläge und Einrichtungselemente konzipiert. Sie vereint eine ausgefeilte Ästhetik mit den Vorteilen in puncto Hygiene, Robustheit und Funktionalität, die nur Feinsteinzeug bietet.

La belleza de las grandes superficies y las altas prestaciones del gres.

De la experiencia de varias décadas de Emilceramica, sinónimo de cerámica italiana de excelencia en el mundo entero, nace Level, una nueva colección de placas de cerámica en el formato de 160 x 320 disponible en varios grosores, para realizar elementos de decoración y superficies continuas conjugando la máxima sofisticación estética con las ventajas en términos de higiene, resistencia y practicidad que únicamente puede garantizar el gres porcelánico.

**A project that delivers the greatest modularity and versatility to express the full potential of those who aspire, day after day, to transform material into attractive design.**

Un progetto all'insegna della massima modularità e versatilità per valorizzare tutto il potenziale di chi, giorno dopo giorno, ambisce a trasformare la materia in pregevole design.

Un projet maximisant la modularité et la polyvalence pour exalter le potentiel de tous ceux qui, jour après jour, s'appliquent à transformer la matière en superbe design.

Ein ausgesprochen vielseitig und modular angelegtes Konzept, mit dem sich kreatives Potenzial ausschöpfen lässt, um Materie in hochwertiges Design zu verwandeln.

Un proyecto basado en la máxima modularidad y versatilidad para valorizar todo el potencial de quien, día tras día, pretende transformar la materia en diseño de calidad.

## STYLE WITHOUT BORDERS. Stile senza confini

**5 inspirations – marble, cement, design, stone and solid color – for a wide range of available stylistic variants: Level guarantees the highest degree of freedom of expression and is the ideal medium for architectural design in step with the latest, most innovative trends. It enables the conception and creation of furnishing and design solutions with a high aesthetic and technical value to satisfy the most varied and demanding taste.**

**5 ispirazioni - marmi, cementi, design, pietre e tinte unite - per una vasta gamma di varianti stilistiche disponibili: Level assicura il massimo grado di libertà espressiva ed è al completo servizio di una progettazione al passo con le tendenze più attuali e innovative. La materia prima ideale per creare soluzioni di arredo e design dall'altissimo valore estetico e tecnico, in grado di soddisfare le sensibilità e i gusti più svariati ed esigenti.**

### **Le style sans limites.**

5 inspirations – marbres, bétons, design, pierre et teinte unie – pour une vaste gamme de variantes stylistiques disponibles : poussant la liberté expressive à son paroxysme, Level s'inscrit pleinement dans un projet architectural en phase avec les tendances les plus actuelles et les plus novatrices. Pour imaginer et réaliser des solutions de décoration d'intérieur d'un très haut niveau esthétique et technique, en mesure de satisfaire la sensibilité et les goûts les plus divers et les plus exigeants.

### **Grenzenloser Stil.**

5 Inspirationen - Marmor, Beton, Design, Stein und Unifarbe – für ein breites Angebot an Stilvarianten: Level bietet höchste Ausdrucksfreiheit und eignet sich für zeitgemäße Lösungen, die innovative und aktuelle Trends aufgreifen. Raum für Ideen und gestalterische Freiheit bei Einrichtungs- und Designprojekten, ausgezeichnete ästhetische und technische Qualität, um anspruchsvollsten Stilanforderungen unterschiedlicher Art auf hohem Niveau gerecht zu werden.

### **Estilo sin fronteras.**

5 fuentes de inspiración —mármol, cemento, design, piedra y monocolor— para una amplia gama de variantes de estilo disponibles: Level asegura el máximo grado de libertad expresiva y está por entero al servicio de una proyección acorde con las tendencias más actuales e innovadoras. Para imaginar y realizar soluciones de decoración y diseño con un altísimo valor técnico y estético, capaz de satisfacer la sensibilidad y los gustos más diversos y exigentes.

LEVEJ

## MAKE LIFE A WORK OF ART. Trasforma la vita in un'opera d'arte.

Ceramic slabs in two sizes – a rectified 160x320 size with 6.5mm thickness and an unrectified 162x324 size with 12mm and 20mm thickness - enable the creation of tops and backsplashes for kitchens and bathrooms, worktops, tables, doors.

Lastre ceramiche nei formati 160x320 cm, spessore 6,5mm rettificato, e 162x324, spessore 12mm e 20mm non rettificato, per costruire oggetti come top e backsplash per cucine e bagni, piani lavoro, tavoli, ante.

**Pour que la vie soit une œuvre d'art.**  
Dalles céramiques en format 160x320 rectifié, en épaisseur 6,5mm, et en format 162x324 non rectifié, en épaisseur 12mm et 20mm, pour réaliser des objets comme des plans de travail/toilette et des dosserets dans la cuisine et la salle de bains, des tables, des portes.

**Ein Stück Lebenskunst.**  
Die großen keramischen Platten im Format 160x320 mit der Stärke 6,5mm rektifiziert sowie 162x324 mit der Stärke 12mm und 20mm nicht rektifiziert ermöglichen die Gestaltung von Waschtischen, Arbeitsplatten und Fliesenspiegeln für Küche und Bad, Tischplatten, Türen.

**Convierte tu vida en una obra de arte.**  
Las placas de cerámica en el formato de 160x320, de 6,5mm de grosor rectificado, y en el formato de 162x324, de 12mm y 20mm no rectificado, permiten realizar objetos tales como encimeras y salpicaderos para cocinas y baños, superficies de trabajo, mesas, hojas.

Seamless covering solutions for floors and walls, and other elements, including for outdoors, with a degree of detail, versatility of application and personalisation that was previously unimaginable. Level is the ideal raw material for creations that elevate quality of life to the status of a masterpiece.

Soluzioni di rivestimento a pavimento e a parete senza soluzione di continuità, e altri elementi, anche outdoor, con possibilità di dettaglio, trasversalità e personalizzazione finora impensabili. Level è la materia prima ideale per realizzare creazioni che elevino la qualità della vita alle dimensioni di un capolavoro.

Des revêtements de sol et mur unifiés, y compris à l'extérieur, avec des détails, une souplesse d'emploi et une personnalisation impensables jusqu'à présent. Level est la matière première idéale pour donner corps à des créations qui donnent à la qualité de vie la dimension d'un chef-d'œuvre.

Durchgängig gestalteten Flächenbelägen an Wand und Boden sowie Einrichtungselementen im Innen- wie im Außenbereich mit einem bisher undenkbaren Potenzial in Bezug auf Detailverarbeitung, übergreifende Kombinierbarkeit und Individualisierung. Level ist das ideale Ausgangsmaterial für Kreationen, die die Lebensqualität meisterhaft maximieren.

Soluciones de revestimiento para suelos y paredes sin solución de continuidad y otros elementos, incluso para espacios exteriores, con posibilidades de introducir detalles, de transversalidad y personalización hasta ahora impensables. Level es la materia prima ideal para llevar a cabo creaciones que eleven la calidad de vida a magnitudes de obra maestra.

## 20 mm / ADDED DEPTH FOR YOUR DESIGN. Più Spessore al tuo design

A new option for shaping matter with even greater substance and versatility.

With the introduction of the 20 mm thickness for 162x324 slabs, available:

- Tinta Unita White
- Tinta Unita Black
- Stone Cantera Grey full body with structured surface
- Stone Basalto

Una nuova opzione per dare ancora più consistenza e versatilità alla lavorazione della materia.

Con l'introduzione dello spessore 20 mm per le lastre 162x324, disponibile:

- Tinta Unita White
- Tinta Unita Black
- Stone Cantera Grey a tutto corpo con struttura
- Stone Basalto.

### Plus d'épaisseur pour votre design

Une nouvelle option pour donner encore plus de consistance et de polyvalence au travail de la matière. Avec l'introduction de l'épaisseur 20 mm pour les dalles 162x324, disponible en: Tinta Unita White - Tinta Unita Black - Stone Cantera Grey pleine masse avec surface structurée - Stone Basalto.

### Besonders starkes Design

Eine neue Option für noch mehr optische Perfektion und Vielseitigkeit bei der Materialbearbeitung. Mit der Einführung der Stärke 20 mm für die Platten im Format 162x324 stehen zur Wahl: Tinta Unita White - Tinta Unita Black - Stone Cantera Grey durchgefärbt mit strukturierter Oberfläche - Stone Basalto.

### Mayor calibre a tu diseño

Una nueva opción para darle aún más consistencia y versatilidad a la elaboración de la materia, con la introducción del grosor de 20 mm en las placas de 162x324, disponibles en: Tinta Unita White - Tinta Unita Black - Stone Cantera Grey con masa llena y superficie estructurada - Stone Basalto.

**Level offers an additional variant that combines even greater ability to support loads with patterning that is the same right through the depth of the tile, ideal for producing edgings and other visible features. Strength, ductility and an exquisite continuity of appearance, with great expressive and architectural potential.**

Level offre un'ulteriore variante che a una resistenza ai carichi ancora più elevata, abbina la piena omogeneità grafica tra superficie e impasto permettendo la realizzazione di bordi e altri elementi a vista. Forza, duttilità e affascinante continuità estetica dalle potenzialità espressive e progettuali.

Level offre une autre variante présentant une résistance à la charge encore plus élevée. Elle combine une homogénéité graphique totale entre surface et pâte, permettant ainsi de réaliser des bords et d'autres éléments apparents. Force, ductilité et somptueuse continuité esthétique : le champ des possibilités en matière d'expression et de conception est largement ouvert.

Level bietet eine weitere Variante, die eine noch höhere Belastbarkeit mit einer sich durch den ganzen Scherben ziehenden Grafik vereint, wodurch sich Kanten und andere sichtbare Elemente optisch perfekt bearbeiten lassen. Stärke, Verarbeitbarkeit und eine faszinierende optische Kontinuität eröffnen Ausdrucks- und Designpotenzial.

## CERTIFIED FOOD SAFETY. Sicurezza alimentare certificata.

Level\* slabs in sizes 160x320 in 6.5 mm thickness and 162x324 in 12/20 mm thickness can be used in direct contact with foods in contexts where compliance with strict hygiene and safety standards is fundamental: restaurants, canteens, bars and commercial applications. The products\* are recognised as "Food equipment materials" under standard NSF/ANSI 51 by the prestigious NSF (National Sanitation Foundation), world leader in the certification of products for contact with foods.

Level guarantees the high quality of its products, not just as floor and wall coverings but also as genuine furnishing and worktop solutions.

\*The list of Level products certified by the NSF is available at <https://info.nsf.org/Certified/Food/>

Le lastre Level\* 160x320 in spessore 6,5 mm e 162x324 in spessore 12/20mm possono essere utilizzate nel contatto diretto con gli alimenti in quei contesti dove è fondamentale rispettare stringenti standard di igiene e sicurezza: ristoranti, mense, bar e applicazioni commerciali. I prodotti\* sono riconosciuti come "Materiali per attrezzature alimentari" secondo lo standard NSF/ANSI 51 dal prestigioso NSF (National Sanitation Foundation), leader mondiale della certificazione dei prodotti in ambienti alimentari. Level garantisce l'alta qualità dei suoi prodotti non solo come pavimenti e rivestimenti ma come vere e proprie soluzioni di arredo e piani di lavoro.

\*La lista dei prodotti Level certificata da NSF è disponibile sul sito <https://info.nsf.org/Certified/Food/>

**Seguridad alimentaria certificada.** Las placas Level\* en formato 160x320 de 6,5 mm de grosor y formato 162x324 de 12/20 mm de grosor se pueden utilizar en contacto directo con alimentos en aquellos entornos donde es fundamental respetar rigurosas normas de higiene y seguridad, tales como restaurantes, comedores, cafeterías, bares y aplicaciones comerciales. Los productos\* han sido reconocidos como «Materiales para equipos alimentarios» conforme al estándar NSF/ANSI 51 del prestigioso NSF (National Sanitation Foundation), líder mundial en la certificación de productos en ámbitos alimentarios. Level garantiza la alta calidad de sus productos, no solo como pavimentos y revestimientos, sino también como auténticas soluciones de decoración, mobiliario y superficies de trabajo.

\*La lista de productos de Level certificados por NSF se puede consultar en la web <https://info.nsf.org/Certified/Food/>

### Sécurité alimentaire certifiée.

Les dalles Level\* 160x320 de 6,5 mm d'épaisseur et 162x324 de 12/20 mm d'épaisseur peuvent être utilisées en contact direct avec les denrées alimentaires dans tous les endroits où il est fondamental d'observer de strictes normes d'hygiène et de sécurité : restaurants, cantines, bars et applications commerciales. Les produits\* sont qualifiés de « Food equipment materials », soit matériaux pour équipements alimentaires, d'après la norme NSF/ANSI 51 de la prestigieuse NSF (National Sanitation Foundation), leader mondial de la certification des produits dans le secteur alimentaire. Level garantit la haute qualité de ses produits non seulement en tant que revêtements de sol et mur, mais également en tant que véritables objets d'ameublement et plans de travail.

\*La liste des produits Level certifiés NSF est disponible sur le site <https://info.nsf.org/Certified/Food/>

### Zertifizierte Lebensmittelsicherheit.

Die großformatigen Platten Level\* 160x320 mit 6,5 mm Stärke und 162x324 mit 12/20 mm Stärke können für den direkten Kontakt mit Lebensmitteln überall dort eingesetzt werden, wo die Einhaltung strenger Hygiene- und Sicherheitsstandards unabdingbar ist: Restaurants, Kantinen, Cafés und Verkaufsfächen. Die Produkte\* sind als „Werkstoffe für Anlagen der Lebensmittelindustrie“ gemäß der Norm NSF/ANSI 51 der renommierten NSF (National Sanitation Foundation), die bei der Zertifizierung von Produkten im Bereich der Lebensmittelsicherheit weltweit führend ist, zugelassen. Level garantiert die hohe Qualität der eigenen Produkte nicht nur im Sinne von Boden- und Wandbelägen, sondern auch von regelrechten Einrichtungslösungen und Arbeitsflächen.

\*Die Liste der NSF-zertifizierten Produkte Level finden Sie auf der Website <https://info.nsf.org/Certified/Food/>

LEVEL

## KITCHEN EVOLUTION. Evoluzione in cucina.

Level offers a versatile, modular solution for kitchen countertops: multipurpose worktops that transform into hobs thanks to the capability for integration of induction systems.

The result is a smooth, uniform surface with a vast choice of materials that combine beauty, performance and technology.

Level offre una soluzione versatile e modulare per i top cucina: piani di lavoro multifunzione che si trasformano in piani cottura, grazie alla possibilità di integrare sistemi ad induzione.

Il risultato è una superficie uniforme e lineare, dalla vasta scelta di materiali, che unisce estetica, performance e tecnologia.

A new kitchen lifestyle, enabled by a single surface for preparing, processing and cooking foods in total safety. To get the very best from your day, with no worries. The induction hob is concealed from view but

can be easily integrated underneath the stoneware slab, with no cuts required - meaning trouble-free cleaning of the ceramic surface.

Hygiene and resistance to heat and chemicals combine with convenient care to make Level the ideal solution for ensuring the highest quality performances and ground-breaking design for every kind of location.

Un nuovo modo di vivere la cucina: un piano unico dover poter cucinare, lavorare e cuocere i cibi in assoluta sicurezza. Per godersi solo il meglio della giornata, senza preoccupazioni. La zona cottura ad induzione è nascosta alla vista, ma perfettamente integrabile sotto la lastra in gres, senza necessità di tagli: ciò consente una maggiore facilità di pulizia del piano ceramico. L'igiene, la resistenza al calore e agli agenti chimici, oltre alla praticità di manutenzione fanno di Level la soluzione ideale per assicurare le più alte performance qualitative al design d'avanguardia per ogni tipologia d'ambiente.

### Évolution en cuisine.

Level propose une solution polyvalente et modulaire pour les surfaces de la cuisine : des plans de travail multifonctions qui se transforment en tables de cuisson avec l'intégration de systèmes à induction. Le résultat est une surface uniforme et essentielle, disponible dans une grande variété de matériaux, alliant esthétique, performance et technologie.

### Evolution in der Küche.

Level bietet vielseitige und modulare Lösungen für Küchenarbeitsplatten: multifunktionale Arbeitsflächen, die dank der Möglichkeit der Integration von Induktionskochfeldern in Kochflächen umgewandelt werden können. Das Ergebnis ist eine gleichmäßige und lineare Oberfläche aus einer großen Auswahl von Materialien, welche Ästhetik, Performance und Technologie in sich vereint.

### Evolución en la cocina.

Level ofrece una solución versátil y modular para las encimeras de cocina: superficies de trabajo multifunción que se transforman en placas de cocina gracias a la posibilidad de integrar sistemas de inducción. El resultado es una superficie uniforme y lineal, con una amplia selección de materiales, que conjuga estética, rendimiento y tecnología.

Une façon nouvelle de vivre la cuisine : une surface unique où cuisiner, travailler et cuire les aliments en totale sécurité. Pour ne profiter que du meilleur de la journée, sans préoccupations. La zone de cuisson à induction est dissimulée, mais parfaitement intégrable sous la dalle en grès, sans besoin de découper : la surface céramique est ainsi beaucoup plus facile à nettoyer.

L'hygiène, la résistance à la chaleur et aux produits chimiques, la simplicité d'entretien font de Level la solution idéale pour donner les meilleures performances qualité au design d'avant-garde pour chaque type d'application.

Es ist ein neues Küchenerlebnis: eine einzige durchgehende Fläche, auf der die Speisen absolut sicher zubereitet, verarbeitet und schließlich gekocht werden können. Um die beste Zeit des Tages sorglos zu genießen. Die Induktionskochfläche ist verdeckt, d.h. sie befindet sich unter der Platte aus Feinsteinzeug, sie ist aber perfekt integriert, ohne dass dafür Zuschnitte ausgeführt werden mussten: Dadurch lässt sich die Keramikplatte auch besonders leicht reinigen. Level ist aufgrund der Hygiene, der Wärme- und Chemikalienbeständigkeit sowie der Pflegeleichtigkeit die ideale Lösung, um in jedem Ambiente höchste Qualität in Verbindung mit modernstem Design sicherzustellen.

Una nueva forma de vivir la cocina: una encimera única en la que se puede cocinar, trabajar y cocinar alimentos con total seguridad, para disfrutar exclusivamente de lo mejor del día, sin preocupaciones. La zona de cocción mediante inducción permanece oculta a la vista, pero se integra perfectamente debajo de la placa de gres, sin necesidad de realizar cortes: esto facilita la limpieza de la encimera de cerámica.

La higiene y la resistencia al calor y a los productos químicos, unidas a la practicidad de mantenimiento, hacen que Level sea la solución ideal para ofrecer las más altas prestaciones de calidad en un diseño de vanguardia para todo tipo de ambientes.

## ABSOLUTE QUALITY FOR INCOMPARABLE FINISHES.

Meticulous measures and controls throughout the entire production chain ensure that high-quality slabs are produced. From an æsthetic point of view, the selection of the best materials and the colouring of the wet mixtures guarantee that the surfaces have a highly uniform colour; additionally, the very high-resolution images and highly precise polishing processes give the polished versions striking shades and a vibrant shine, making them extremely reflective. From a performance point of view, pressing at maximum levels makes the finished materials extremely compact, while a firing cycle that is much slower than is generally the case reduces the tension of the slabs to a minimum. Consequently, Level unfinished materials boast incomparable levels of ductility, flatness and resistance. They are more suitable than other materials for cuts, incisions and other finishing work to create surfaces, furnishing accessories and other design objects.

### Qualità assoluta per lavorazioni impareggiabili.

Accorgimenti e controlli minuziosi lungo l'intera filiera produttiva assicurano una qualità assoluta delle lastre. Dal punto di vista estetico, la selezione delle migliori materie e la colorazione degli impasti ad umido garantiscono la massima omogeneità cromatica delle superfici; in aggiunta, la definizione delle immagini ad altissima risoluzione e processi di levigatura di altissima precisione contribuiscono a renderle ricche di sfumature, vibranti di luce ed estremamente riflettenti nelle versioni levigate. Dal punto di vista delle prestazioni, la pressatura ai massimi livelli rende i materiali finiti estremamente compatti, e un ciclo di cottura molto più lento di quelli comunemente adottati riduce al minimo il tensionamento delle lastre. È così che i semilavorati Level possono vantare livelli di duttilità, planarità e resistenza impareggiabili, prestandosi molto meglio di altri materiali ai tagli, alle incisioni e alle altre lavorazioni finali per la creazione di superfici, oggetti di arredo e altri complementi di design.

### La qualité absolue pour des réalisations inégalables.

Les mesures mises en œuvre et les contrôles minutieux effectués tout au long de la filière de production assurent la qualité absolue des dalles. Sur le plan esthétique, la sélection des meilleures matières et la coloration par voie humide des pâtes garantissent l'homogénéité optimale des couleurs des finitions. Par ailleurs, la définition des images à très haute résolution et les procédures de polissage de la plus haute précision contribuent à leur donner cette richesse de nuances, vibrantes de lumière et infiniment miroitantes dans les versions polies. Sur le plan des performances, le pressage maximal permet d'obtenir des matériaux finis extrêmement compacts. Par ailleurs, un cycle de cuisson beaucoup plus lent que ceux habituellement utilisés réduit au minimum la mise sous tension des dalles. Dès lors, les produits semi-finis Level bénéficient d'un niveau inégalé de ductilité, de planéité et de résistance. Ils se prêtent ainsi beaucoup mieux que d'autres matériaux aux découpes, aux incisions et autres façonnages finaux pour la création de surfaces, d'objets de décoration intérieure et d'accessoires de design.

### Absolute Qualität für Unvergleichliche Bearbeitungen.

Wirksame Maßnahmen und akribische Kontrollen in der gesamten Produktionskette stellen die absolute Qualität der Platten sicher. In ästhetischer Hinsicht gewährleistet die Auswahl bester Rohstoffe und die Färbung der Massen in nassem Zustand maximale farbliche Homogenität der Oberflächen; außerdem sorgen die hochauflösenden Bilder und die hochpräzisen Schleifverfahren für eine große Vielfalt an leuchtenden Farbnuancen, die in den polierten Ausführungen eine extrem reflektierende Optik besitzen. Der maximierte Pressvorgang macht das Material extrem kompakt und der im Vergleich zu den üblicherweise angewendeten Brennverfahren sehr viel langsamere Brennzyklus reduziert die Spannung der Platten auf ein Minimum. Aus diesem Grund besitzen die Halbfertigprodukte Level einen unvergleichlich hohen Grad an Verarbeitungsflexibilität, Ebenheit und Robustheit, so dass sie weitaus besser als andere Materialien für das Schneiden, Gravieren und andere Endbearbeitungen und damit zur Fertigung von Oberflächen, Einrichtungselementen und anderen Designaccessoires geeignet sind.

### Calidad total para realizar mecanizados inmejorables.

Mediante la adopción de medidas, soluciones y controles minuciosos en toda la cadena de producción, se garantiza la calidad total de las placas. Desde el punto de vista estético, la selección de las mejores materias primas y la coloración de la masa en húmedo garantizan la máxima homogeneidad cromática de las superficies. Además, la definición de las imágenes de altísima resolución y los procesos de pulido de altísima precisión contribuyen a enriquecerlas con numerosos matices y a volverlas muy luminosas y altamente reflectantes en las versiones pulidas. Desde el punto de vista de las prestaciones, el prensado al máximo nivel hace que los materiales acabados sean extremadamente compactos, mientras que el ciclo de cocción mucho más lento de lo habitual reduce al mínimo las tensiones en las placas. Estas son las razones por las que los semielaborados Level ofrecen niveles de ductilidad, planeidad y resistencia inigualables y, por tanto, son mucho más idóneos que otros materiales para el corte, la incisión y otros mecanizados finales para crear superficies, objetos de decoración y otros complementos de diseño.

GREENGUARD

The GREENGUARD Certification process provides an in-depth review and analysis of chemical emissions from manufacturers’ products. Using dynamic environmental chamber testing, products are tested for volatile organic compounds (VOCs), including formaldehyde, and over 300 other VOCs with health-based limits. GREENGUARD Certified products aid in the creation of healthier indoor environments, and release fewer pollutants that can contribute to health issues including asthma and other respiratory issues. To remain certified, products undergo comprehensive certification testing on an annual basis, giving consumers peace of mind that they are selecting products that support better human health. Recognized and referenced by over 400 codes, rating systems, and procurement policies worldwide, the GREENGUARD Certification requires that products meet some of the world’s most rigorous and comprehensive limits for low emissions of volatile organic compounds into indoor environments. The GREENGUARD Gold standard includes health-based criteria for additional chemicals and requires lower total VOC emissions levels to ensure that products are acceptable for use in environments such as schools and healthcare facilities. In addition to limiting emissions of more than 360 VOCs and total chemical emissions, GREENGUARD Gold Certified products must also comply with requirements of the State of California’s Department of Public Health “Standard Method for the Testing and Evaluation of Volatile Organic Chemical Emissions from known as California Section 01350.

NSF

The NSF Food Equipment certification program has 22 different standards that set minimum food hygiene and protection requirements for the materials, design, manufacturing, construction and performance of equipment for handling and processing food. The materials for solid surfaces are examined based on the “NSF / ANSI 51: Food Equipment Materials” standard, which specifies the public health requirements for materials used in the construction of commercial food equipment. More information is available on the website: [info.nsf.org/Certified/Food](http://info.nsf.org/Certified/Food)

Il programma di certificazione NSF Food Equipment ha 22 diversi standard che stabiliscono i requisiti minimi di protezione e igiene alimentare riguardo ai materiali, la progettazione, la fabbricazione, la costruzione e le prestazioni delle attrezzature per la manipolazione e il trattamento degli alimenti. I materiali per superfici solide vengono esaminati in base alla “NSF / ANSI 51: Materiali per attrezzature alimentari”, che specifica i requisiti relativi alla salute pubblica per i materiali utilizzati nella costruzione di attrezzature alimentari commerciali. Maggiori informazioni sono disponibili sul sito: [info.nsf.org/Certified/Food](http://info.nsf.org/Certified/Food)

The full, up-to-date list of certified products can be viewed at [www.nsf.org](http://www.nsf.org). Please contact the Emilceramica Group for any further information.  
La lista completa e aggiornata dei prodotti certificati è visionabile sul sito [www.nsf.org](http://www.nsf.org). Per qualsiasi ulteriore informazione contattare Emilceramica Group.

MESH-MOUNTED SLABS  
LASTRE STUOIMATE

All Level slabs in the 6.5 mm and 12 mm thicknesses are also available in mesh-mounted version.

Fibreglass is applied to the underside of mesh-mounted slabs to increase their mechanical and bending strength and simplify shaping operations.

Tutte le lastre Level in spessore 6,5mm e 12mm sono disponibili anche nella versione stuoiata.

Il processo di stuoiatura consiste nell'apporre sul retro della lastra una fibra di vetro che ha il compito di incrementare la robustezza meccanica della lastra, di renderla più resistente alle flessioni, e di agevolare le operazioni di lavorazione della stessa.

Toutes les dalles Level de

Alle Level-Platten in Materialstärke 6,5 mm und 12 mm sind auch in der Version mit Glasfasernetz erhältlich.

Das Laminieren mit Glasfaser besteht darin, ein Glasfasernetz auf der Plattenrückseite aufzubringen, um die mechanische Festigkeit der Platte zu erhöhen, sie biege fester zu machen und ihre Bearbeitung zu erleichtern.

6,5 mm et 12 mm d'épaisseur sont également disponibles avec filet en fibre de verre.

Dans ce cas, un filet en fibre de verre est appliqué au dos de la dalle pour augmenter sa solidité mécanique, pour la rendre plus résistante aux flexions et pour faciliter son façonnage.

Todas las placas Level de 6,5 mm y 12 mm de grosor se hallan disponibles también en la versión con red de fibra de vidrio.

El proceso de aplicación de la fibra de vidrio consiste en colocar en la parte de atrás de la placa una red de dicho material con el objeto de incrementar la solidez mecánica de la placa, hacerla más resistente a las flexiones y facilitar las operaciones de elaboración de la misma.

LEVEL

I colori e le caratteristiche estetiche dei materiali illustrati nel presente catalogo sono da ritenersi puramente indicativi.

Le misure dei prodotti qui indicate si intendono nominali e come i pesi ed i colori subiscono le variazioni tipiche del processo ceramico.  
Level si riserva la facoltà di modificare in qualunque momento senza preavviso le caratteristiche tecniche, estetiche e i materiali presentati.

Tali caratteristiche non sono comunque vincolanti nei termini legali.

Colours and optical features of the materials illustrated in this catalogue are to be regarded as mere indications.

Product sizes indicated are nominal and like weights and colours undergo the typical variations of the ceramic process.

Level reserves the right to change the technical and optical features of the materials illustrated at any time and without notice. These features are not legally binding.
