

TELE DI *Marmo*
LUMIA

EMIL
AMERICA

 STOCKED IN THE US

We carefully selected real precious stones, meticulously choosing the ideal gems for a unique creative programme. The project we brought to fruition explores three gemstones at the moment when light interacts with them, revealing all the splendour of their translucence or labradorescence. So Tele di Marmo Lumia is a visual narration of the action of light inside matter.

These unique slabs shape the personalities of distinctive, luxurious, characterful interiors, perfect both for magnificent works of architecture and for intimate, mysterious interiors, creating moods of beauty and glamour.
